

Year 5 Home Learning- Week commencing 11th May

TT Rockstars

TT Rockstars- Great to see so many of you taking part in the recent whole school battles and battles with other classes. .

This week there will be a Boys v Girls battle for our class. Good luck!

Geography

Choose an area in the UK and an area in Scandinavia to compare and contrast. Find out as much as you can about each one and answer the questions on the worksheet on the class page. You could compare Manchester with a city like Oslo. Or you could compare a more remote area. You could use Google Earth or Google Maps to explore what you two places look like.

Art

Continuing with our topic on architecture, I would like you take a look at [Royal Institute of British Architects website](#) and choose your favourite building. You could also look at their [House of the Year](#)

Reading

Take a look at [Branching out](#) for some ideas of new books and authors to try out whilst you are at home. I'm trying to take out some time reading during this time. I have been reading Horrid Henry with my little boy too!

RE

I would like you to read Matthew 28 (a copy is on the class page). Write a paragraph and create a picture of a time when you knew or felt that Jesus was present with you. It may be a happy time, a sad time, a time when you had worries.

Dear Parents/ Carers,

I hope you are all well. Back to a full week after the Bank Holiday. I would love to see any photos/ work of the VE Day celebrations from last week.

I'm going to have a go at recording instructions on the work provided. So keep a look on our class page of links to this. Most of the work set can be completed by reading from a screen. However, if you want a pack to pick up from school just let me know and I'll sort these out.

Have a good week.

Mrs Sibson and Mrs Godsall

If you are happy for photos to appear on the website please email them to me directly at year5@st-peters.tameside.sch.uk Do get in touch if you have any questions or to just update me what you have been up to.

Science

Create a fact file to describe the key milestones within age boundaries. You could find out what a baby/ a child should be able to do and what happens to the brain and changes in the body.

You can find a template to work from on our class page.

Websites you could find information from.

[Parenting Counts](#)

[DK Findout](#)

Spelling

Here are this week's spellings. Notice that they are homophones.

further, father, band, banned, heard, herd, aloud, allowed, guessed, guest

Learn them throughout the week and then test on Friday.

Maths

Our focus this week is looking at rounding decimal numbers. Take a look at the BBC Bitesize videos and activities for recap and practise throughout the week [Rounding decimals](#)

The worksheets can be read from a screen or printed out. Answers are included.

Monday- Rounding decimals to the nearest whole number. Complete pages 1 and 2.

Tuesday- Rounding decimals of two decimal places to one decimal place. Complete page 3

Wednesday- Rounding decimals of two decimal places to a whole number. Complete page 4

Thursday- Ordering decimals. There are three ability sheets to choose from.

Friday- Have a go at the problem solving activities for a challenge on the work on decimals this week.

English

This week I would like you to work through the activities on persuasive writing. The resources have been taken from the home learning page of the Hamilton Trust website. I have broken the tasks down and you could have a listen to me going through the work on the links provided on the class page!

Monday and Tuesday – Reading persuasive texts, revising the features of persuasive texts.

Wednesday and Thursday – Watching and analysing adverts. Sorting fact and opinion. Writing your own advert script.

Friday – Reading a letter; annotating features of persuasive writing. Writing a paragraph and preparing a persuasive talk.

An alternative to this is working through the daily Pobble activities found here [Pobble](#)
