

Year 5 Home Learning- Week commencing 22nd June 2020

History

Our topic this half term is **Vikings**. This week I would like you to look the information about Viking longships and complete the comprehension questions.

I have included a 'Write your name in Viking runes' sheet for you to have a go at for a bit of fun! Can you write a secret message to someone in your family?

RE

Our topic this half term is **People of other Faiths**. I would like you to watch a half hour BBC documentary about a young Muslim girl called Sara. She discusses her life, her family and her Muslim faith [My Life My Religion](#). After watching the video, I would like you to answer the questions

Show understanding of how being a Muslim affects the way a Muslim lives. Give, at least, one example of each of these:

- how you should treat others;*
- time you should give to God*
- how you should use your gifts.*

Art

Linking to our RE work this week on Islam. Go through the slide show to explore Islamic art and be inspired by geometric patterns. The worksheets give step by step instructions on how to create a 5 or 7 circle overlapping pattern, or provide ready-made grids on which to start designing. You can colour in your patterns- enjoy creating them!

Hi everyone,

We are now in Week 3 of the last half term! What an awful week of weather last week. We hope you get the opportunity to get out if the weather is better this week. If you have any questions about the home learning, you can email year5@st-peters.tameside.sch.uk

Take care,

Mrs Sibson and Mrs Godsall

Science

This week I would like you to look at the life cycles of animals. Using the slide show, read the description of the life cycles of a dog, a frog, two different types of insect and a chicken.

I would like you to use either page 3 or 4 of the worksheets to explain the life cycle of a dog (mammal).

Spelling

Here are this week's spellings.

vicious, ambitious, social, crucial, partial, initial, malicious, unofficial, according, achieve

Learn them throughout the week and then test on Friday. Make sure you know the difference in meaning.

Reading- Silly Squad!

Take a look at the Summer Reading Challenge Tameside Libraries have launched online for this year and sign up for it. Read any six books and receive rewards along the way. Details can be found at [Tameside Summer Reading Challenge](#)

Maths

This week we are going to be looking at multiplying fractions

Monday and Tuesday- Go to the BBC Daily lesson [Multiplying fractions](#). There is information to read and a video to each. There is a board game you can play. Complete the worksheet. This lesson can be done over two days.

Wednesday- Today I would like you to multiply fractions by fractions. To multiply fractions, you need to multiply the numerators together and multiply the denominators together.

Thursday- Continue practicing multiplying fractions by fractions by answering the questions.

Friday- Multiplying fractions word problems

English

This week I would like you to work through the daily Pobble writing activities. Copies can be read from a screen and are saved in the English folder on our class page.

Computing/ PSHE

As you may be accessing a lot of online content at home, I thought this lesson may be useful to go through this lesson from BBC Bitesize

[How do you know if you can trust a website?](#)

You will find information to read and activities to complete.
