

Dear Teachers.

As the school year once again draws to a close, we are asking you to help us “recycle” items to send to schools in Gambia.

Many of our children will buy new pencils, coloured pencils and pencil cases for the September term and throw away their old ones.

We are asking for the “old ones”.

As you will see from the enclosed photographs, many children do not have access to pencils and paper and have never used coloured pencils let alone paint etc!!

We ask for used items because it is of no cost to our parents but means a lot to Gambian parents who have to pay to send their children to school.

The Gambian government will provide a school, but this is literally just the building – no furniture, no equipment, no books, pencils etc. Sometimes the community have to pay the teachers’ salaries too!

If you could please ask the children in your classes if they would like to help in this way, or if you have any used posters, part used exercise books Paints, crayons, etc then we can send them over to some very grateful Gambian children.

Many thanks Alan Pickles
