

St Peter's Charter

At St Peter's we believe that it is our duty to help each and every child to experience as much as we can during their time here. As well as providing an exciting and full academic curriculum there are many other areas of life that we help the children experience so that their time at St Peter's is enriched in every way possible. Below is a list of many of the experiences we help the children enjoy whilst at St Peter's. We are always reviewing and adding to this list so although it may not always reflect everything that we do, it will hopefully give you a flavour of the wide experience your child receives at our school.
