

Our school exists to develop the spiritual, academic, social and physical development of the children entrusted to our care.

We are a Catholic school, and Gospel values permeate all we do.

We bear witness to God in our work and in our play, and through the relationships that exist in school between staff and children.

Worship is an important aspect of school life, and regular opportunities exist for visits to our adjacent church. Daily acts of worship are also a feature of each class.

It is assumed that parents who send their children to St Peter's school fully support the Catholic principles which underpin it, and we ask you to be involved as much as possible in passing on the Faith to your children.

Catholic schools have always been characterised by high academic standards, and at St Peter's we work hard to sustain a quality of education which delivers not only the basic skills of Literacy and Numeracy, but also provides a broad and balanced curriculum wherein the Arts and Sport have an important part to play.

Good manners, helpfulness, consideration to others, and an awareness of the wider community are all considered to be of prime importance to St. Peter's, and throughout their school life here, children will be encouraged to display high standards of behaviour and personal responsibility.

In the love of God and neighbour
