

Ethos and Values

Our school exists to develop the spiritual, academic, social and physical development of the children entrusted to our care.

We are a Catholic school, and Gospel values permeate all we do.

We bear witness to God in our work and in our play, and through the relationships that exist in school between all adults and all children.

Worship is an important aspect of school life, and regular opportunities exist for visits to our adjacent church. Daily acts of worship are also a feature of each class.

We ask all families of St. Peter's children to support our Catholic ethos and values. Our motto of 'In the love of God and neighbour' perfectly encapsulates our daily mission to love and serve everyone.

Good manners, helpfulness, consideration to others and an awareness of the wider community are all considered to be of prime importance to St. Peter's, and throughout their school life here, children will be encouraged to display high standards of behaviour and personal responsibility.

We are guided by our faith, we live each day in the love of God and neighbour, and we aspire to excellence in all we do.

St. Peter, pray for us.

In the love of God and neighbour
